SOFTWARE DEVELOPER, PROFESSOR, CONSULTANT

About Me

Bachelor in Computer Science at the **Pontifícia Universidade Católica de Minas Gerais** (PUC Minas). Master's Degree at the **Graduate Program in Computer Science** (PUC Minas). Experience as a **software developer**, with responsibilities including requirements gathering, validation, development, and bug fixing. Strong background in backend development with **Java, .NET, Angular, Vue, React, RabbitMQ, MongoDB, Python, TensorFlow, etc.**

Career Objective

Seeking challenging opportunities in the field of **Information Technology**, where I can apply my experience and skills to **contribute meaningfully to organizational goals**. I am **committed to continuously developing my skills** and to **collaborating with dynamic teams** in environments that foster **innovation and technical excellence**.

Languages

Languages below represent my current proficiency level, with a continuous focus on improvement:

Portuguese	C2	native / fluent
English	B1	● ● ● ● ●
Spanish	A2	● ● ● ● ●
French	A1	● ● ● ● ●

Skills

Programming Languages

C# Typescript Java Python

Framework .NET React Vue

TensorFlow OpenCV MongoDB

PostgreSQL Version Control

Git Messaging RabbitMQ

Clean Code Design Patterns

Teamwork Communication

PROFESSIONAL EXPERIENCE

2025-2025

Computer Science Professor

COMPUTER SCIENCE, ALGORITHMS, IMAGE PROCESSING, OPERATING SYSTEMS · Pontifícia Universidade Católica de Minas Gerais, Belo Horizonte, Minas Gerais, Brazil 📍
Lecturer for courses in Operating Systems, Algorithms and Data Structures II, Foundations of Algorithm Design and Analysis, and Image Processing and Analysis in Information Systems, Digital Games, and Computer Engineering programs.

2024-2025

Software Developer

FULLSTACK DEVELOPMENT · Tamborete Pay, Belo Horizonte, Minas Gerais, Brazil 📍
Worked with .NET microservices using Ports and Adapters architecture, messaging (RabbitMQ), MongoDB, and Clean Code practices in a payment gateway.

2022-Present

MBA Applied Project Advisor

SME, ACADEMIC SUPERVISION, APPLIED PROJECTS, EDUCATIONAL CONSULTING · Instituto de Gestão e Tecnologia da Informação LTDA, Belo Horizonte, Brazil 📍
Advisor for MBA applied projects, supporting students in technical development.

2017-2021

Junior/Trainee Software Developer

FULLSTACK DEVELOPMENT · Auge Tecnologia & Sistemas, Belo Horizonte, Minas Gerais, Brazil 📍
Developed and maintained educational web/mobile systems, requirements analysis, and function points. Used proprietary framework (MVC, REST, JEE) with Java, PostgreSQL, JavaScript, TypeScript, Angular, Vue, Jenkins, and Mercurial.

2013-2015

Technical Support Analyst and Developer

INTERNSHIP · Prefeitura de Belo Horizonte, Brazil 📍
Worked in IT support (1 year 6 months) for PBH systems DES (Electronic Services Declaration) and NFS-e (Electronic Service Invoice). Also worked as Developer in the IT management department.

EDUCATION

2024-Present

Instituto de Ensino Centro de Mediadores

POSTGRADUATE MBA · Lato sensu specialization 🏛️
Courses in Conflict Mediation, Nonviolent Communication.

2021-2024

Graduate Program in Computer Science, PUC Minas

MASTER'S DEGREE · Stricto sensu 🏛️
Research assistant developing predictive models for behavioral profiling using labeled videos. Applied Python, TensorFlow, and OpenCV in deep learning and data processing.

2011-2017

Pontifícia Universidade Católica de Minas Gerais (PUC Minas)

BACHELOR · Undergraduate 🏛️
Bachelor's degree in Computer Science with full scholarship (Prouni).

2002-2008

Instituto de Educação de Minas Gerais

STUDENT · Basic Education 🏛️
Completed middle and high school in a public school.

PUBLICATIONS

2023

Behavioral Profile & Facial Expressions — ICEIS '23

Proposes an unsupervised method to identify correlations between behavioral profiles and facial expressions in video interviews.

2023

NLP for Archetype Classification — ICEIS '23

Presents a classification model for organizational archetypes based on Natural Language Processing applied to business texts.

2023

Probabilistic Mapping for Profiles — CBI '23

Develops a probabilistic approach to map employee behavioral profiles using multiple data sources.

2018

Predicting Resignation via LinkedIn — SAC '18

Explores LinkedIn data to predict employee resignation likelihood using data mining techniques.

RECOGNITION

2018

News published by ICEI, "Undergraduate Thesis Published in Qualis A1 Conference", ACM SAC 2018 - 33rd ACM/SIGAPP Symposium On Applied Computing, France.
